

KLIKK

LET'S KLIKK!

The Company

Klikk is a leading IT and electronics retailer in Malta, serving customers since 2007. What began as a small operation has grown into a trusted nationwide brand known for reliability, innovation, and strong customer service.

With retail stores in Birkirkara and Żejtun, alongside a fully equipped online store, Klikk delivers a seamless shopping experience with fast, dependable nationwide delivery.

Our product range supports modern lifestyles—from smartphones and laptops to gaming, home appliances, and personal tech—serving home users, education, corporate, and government sectors.

Backed by a passionate team, we focus on quality, expertise, and long-term customer relationships.

The Klikk Promise ensures every purchase is supported by free same-day delivery, professional installation, and reliable after-sales service—giving customers complete peace of mind.

At Klikk, we make technology accessible, enjoyable, and dependable for everyone.

2024

Klikk joins GO

The Objective

Our objective is to make buying technology simple, reliable, and worthwhile. We focus on bringing together a **strong range of products** across gaming, computing, smart home, and much more, so customers can find what they need without the hassle. Along the way, we aim to offer fair value, practical advice, and a smooth experience from browsing to delivery and beyond.

What We Offer

We offer a full range of services designed to make getting the right tech as easy as possible. Customers can shop **in-store or online**, with support available through both **calls and WhatsApp messaging** for quick, direct assistance. Beyond **retail**, we also work with **corporate clients** and handle procurement for larger or specialised requirements. To make things even more convenient, we provide **same-day delivery** on eligible orders and **free installation** on selected products, ensuring everything is set up and ready to use without added hassle.

Klikk Promise

We proudly promise **same day delivery** for all orders over €10, whether you shop online or in store.

For purchases of €20 or more, we go a step further by offering to **set up the device** wherever it is required.

If, despite these checks, the product fails or breaks within 30 days from purchase, we will **review the issue free of charge**.
